

Our Club program is specifically designed to feed those players who are looking for a little more than the core recreation program. This program is designed to provide a higher level of training to support even better player development; through a commitment to nationally certified coaches, higher levels of competition, and unique opportunities that will enable players to get more from their AYSO experience.

The Club program is an extension of the core program—with extra practices, extra tournaments and friendlies scheduled outside of core program events.

Even though Club still shares the basic AYSO principles of fair play, everyone plays, good sportsmanship and positive coaching—the experience is generally more competitive and requires a higher level of commitment from players and families.

We are building our Club teams for boys and girls—ages 9-19. If you are interested in coaching or starting a club team at your child's level, please let us know. AYSO 605 is a volunteer organization and we are here to help you!
